

Antigovernment protests worldwide since 2017

Over 300 significant antigovernment protests have erupted worldwide

More than 45 significant protests have been directly related to the coronavirus pandemic

Source: Carnegie's Global Protest Tracker from Carnegie Endowment For International Peace

Motivation

Political

Trigger

Enactment of lockdown measures to combat the spread of the coronavirus.

Reason

Frustration with the court's determination amid rising anti-Semitic violence, and a sense of a lack of accountability for her death.

Key participants

General public.

Outcome

No policy/leadership change in response to the protests.

COUNTRY ① ▲	PROTEST NAME	START DATE ② ▼	DURATION	PEAK SIZE	STATUS
